Preface

With immense pride, we present the new edition of Viksit Bharat @ 2047: Transformative Role of Commerce, Management, and Technology, following the overwhelming response to the previous edition. This new edition builds upon the strong foundation laid previously and has been meticulously curated to further explore the pivotal role that commerce, management, and technology play in shaping Bharat's trajectory by 2047, the centenary of its independence, in the direction of becoming a developed country.

The significance of this edition lies in its expanded scope, deeper insights, and updated perspectives that reflect the rapidly evolving global and national landscape. As Bharat continues its transformative journey, the interplay of innovative business strategies, progressive management practices, and cutting-edge technological advancements will be instrumental in driving sustainable and inclusive growth. Recognizing this dynamic evolution, we have enriched this edition with contemporary research, emerging trends, and practical applications that align with the nation's developmental aspirations.

This book serves as a comprehensive extensive resource for scholars, researchers, and students eager to explore the multifaceted impact of Entrepreneurial creativity, digital shifts, Sustainable company structures, managerial leadership, and disruptive technologies like blockchain, artificial intelligence, and the Internet of Things. The collective insights presented here aim to inspire academic inquiry, policy discussions, and real-world applications that contribute meaningfully to Bharat's vision of global leadership in innovation and progress.

This edition is the result of extensive collaboration among scholars, industry experts, and thought leaders who have contributed their expertise to ensure the book remains relevant and forward-looking. We extend our heartfelt gratitude to them and to the scholarly community for creating an atmosphere that nurtures intellectual exploration and transformative thinking.

We hope that this edition will be a useful resource for professional and scholarly research, sparking fresh concepts and stimulating thought-provoking conversations. We firmly believe that by cooperation, Bharat can achieve its goal of becoming a global centre of innovation, knowledge, and economic might by 2047.

We extend an invitation to you to read this book and start your own journey of self-discovery and change.
